# Updating the bathroom? Take 10 more minutes to enhance the project. 

QuicKit" packaging sells itself Professionals and DIY consumers see step-by-step installation images on 4-piece master packs or single packs.

## Presenting the Broan ${ }^{\text {® }}$ QK60 QuicKit' ${ }^{\text {E }}$ Exhaust Upgrade.

There are around 70 million Broan and NuTone fans in homes that are ready for a 10-minute motor and grille upgrade. All that is needed to make that upgrade is a screwdriver. What's more, our new motor technology reduces sound levels from 6.0 to 2.5 Sones, depending on the original motor, and boosts air movement from 50 to 60 CFM without any electrical or ducting connections to worry about. The QK60 QuicKit ${ }^{m \mathrm{~m}}$ upgrade is the fastest way to add a fresh look and increase ventilation in the bathroom.

## Freshen up any bathroom in just 10 minutes.

## The QK60 QuicKit" installs in just a few easy steps.

Remove old grille, unplug and remove motor.

Snap in new motor to housing.

Plug motor into existing receptacle.

Attach grille springs to fan and push grille up against the ceiling.
