HVI-2100 CERTIFIED RATINGS comply with new testing technologies and procedures prescribed by the Home Ventilating Institute, for off-the-shelf products, as they are available to consumers. Product performance is rated at 0.1 and 0.25 in. static pressure at high speed based on tests conducted in an HVI-approved state-of-the-art test laboratory. Sones are a measure of humanly-perceived loudness, based on laboratory measurements.

\* Where noted performance rating is not HVI certified but was established in accordance with HVI Standardized test procedure.

L'HOMOLOGATION HVI-2100 est conforme aux nouvelles techniques et procédures d'essai prescrites par le Home Ventilating Institute pour les produits d'emploi courant, dès leur disponibilité pour les consommateurs. Le rendement du produit est évalué à une pression statique de 0,1 po et de 0,25 po, d'après les tests effectués dans un laboratoire d'essai ultra-perfectionné approuvé par le HVI. Le sone est une mesure de la perception humaine de la puissance sonore, d'après des mesures effectuées en laboratoire.

\* Signifie que la donnée n'est pas certifiée par le HVI, mais a été obtenue suivant les procédures de test standardisées du HVI.
